

# DIEGO

**Breed: Australian Shepherd/Catahoula Leopard Dog**

**Sex: Male**

**Age: 7 months (on Sept 14)**

**Size: Curently 32lbs - Estimated 40-50lbs, full grown**

Diego came to us as a foster in August after his time was running out in a shelter. He is happy, playful, sweet and intelligent. An energentic dog, he will daily exercise and lots of playtime. He is very intelligent, easily trainable and wants to please. He gets along well with people, children and other dogs.

He is very healthy and up to date on vaccinations,. Diego is crate and house trained as well. Another dog with him would be a plus. A family that spends a lot of time with him is important.

**More pics and info available online:**
